2025 Grace Project Conference

ABOUT US

For over 30 years, Legacy Cares has provided quality mental healthcare, substance abuse treatment, and special care housing services for people challenged with HIV and AIDS. In 2024, Legacy's Grace Project celebrated 25 years of bringing women together. What started as a pizza party for 10 women has grown into a network, and for many, a sisterhood of over 200 women living with HIV across the country.

Grace Project participants receive a year-round supportive network of peers and dedicated volunteers to help them accomplish their goals, and maintain their HIV care regimens.

2025 Grace Project Conference

ABOUT US

Legacy Cares' Grace Project exists to break through the stigma that prevents women from accessing healthcare and support. The Grace Project Supports, Educates, and Empowers (S.E.E.) women by providing access to affordable mental health and substance abuse counseling, support groups, educational workshops, and its signature event- The Grace Project National Conference for Women living with HIV/AIDS.

The Grace Project Conference is the the nation's largest conference specifically for women living with HIV/AIDS, reaching over 200 women each year. This 3-day weekend is filled with peer-led discussion groups, workshops and educational talks from health care professionals, local leaders, and community members.

YOUR INVITATION

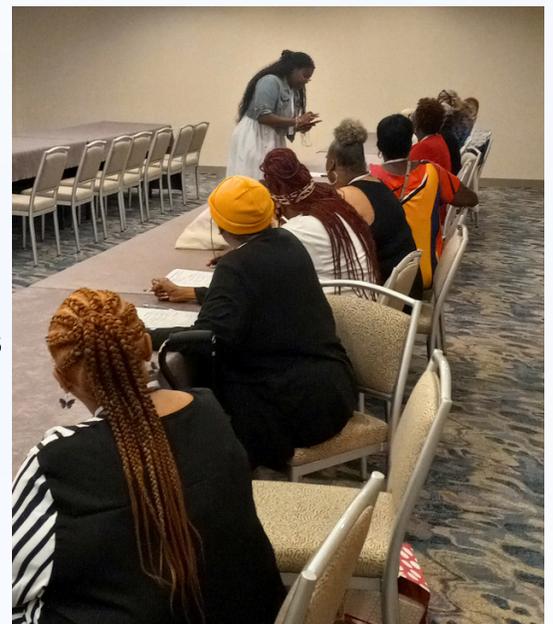

We invite you to partner with us in serving this very special population by considering becoming a Titanium, Platinum, Silver, or Gold Level Sponsor.

Your sponsorship will help provide scholarships for participants who otherwise would not be able to attend. There are also additional opportunities to sponsor a plenary session, conference meal, or help purchase items such as conference bags or shirts for participants.

As in years past, there will be a focus on medication adherence, mental health, advocacy, holistic self-care, and several interest rooms including fitness, crafts and much more. This conference is the largest of its kind, exclusively focused on women living with HIV, and we hope to grow the event to positively impact many more participants in the years to come.

Legacy has created a long lasting and sustainable event that continues to be a focal point for women living with HIV. Non-profits, medical professionals, drug companies, private companies, and wellness experts all want to be a part of this rare opportunity.

Our large number of attendees provide a great opportunity for exhibitors. As a sponsor and exhibitor, you will be able to connect directly with women living with HIV and create lasting relationships. Also, due to the community aspect of this event, working with conference participants has much more potential than the event itself and will provide beneficial publicity once the event is over.

WHY SPONSOR?

This event is an exceptional opportunity to build awareness of your brand among potential clients and collaborators in the community. Share your company's message with our clients, partners, and supporters.

As the Grace Project Conference continues to grow in size, your organization and brand will be seen by the clients that matter. Sponsors will have their logos placed on the conference website, email communications, invitations, and on the selected marketing brochures, and across the Conference venue, depending on the package selected.

To express our gratitude, all Sponsors are invited to our VIP and Sponsor Brunch held at the Westin Park Central Hotel during the conference, so Save the Date- Saturday, May 24, 2025!

Our sponsorship offerings are designed with you in mind:

Connect with women living with HIV and gain a deeper understanding of their needs and challenges. **Network** with community leaders and **strengthen customer relationships**. **Collect** new leads to engage with and nurture after the event **Promote** your company's visibility pre-event, during, and post-event through Legacy Cares' networks and social media. **Educate** attendees and **raise brand awareness** about new products and services.
